NUMBER 12

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

This is the Zipper Age.

The Zipper is a wonderful invention. It is now used to close up nearly everything but "mouths"; and what a blessing it would be if a "mouath zipper" could be invented!

—T&T—

Zipppers can cause a lot of trouble. They have. For example it is told as a fact that a man near Hamlin went into a certain picture show one Sunday afternoon and took his seat. Later he felt a bit too warm and "unzippped" his jacket or something. Anyway it seems that the zipper handle, the thing that pulls the zipper open and closed, you know, it sticks out, as a kind of catch-all.

A bunch of women had seen the show and rose to start out, the man with the zippped garment got up to let the women pass. All got safely past the man but the last one. The man was at the end of the seat. He felt a pull on him, she felt some thing hold on to her. It was rather dark and she whispered, "turn my dress loose." He said "I can't. It's hung on my zipper." It was a delicate silk dress. Both tried frantically to release each other. A delicate situation, both standing up. He says, "go on, I'll follow. Let's get out of here." So up the aisle the woman led the man, zipper and all, out into the lighted foyer where the modern predicament was terminated, mid blushes and apologies.

—T&T—

Lately a distinguished old gentleman was in the Herald office to pay up his subscription. He fumbled out a pretty leather purse. It was Zipper-closed. He pulled at the "handle" but it would not budge. He says, "there's a dollar in here, but it seems I can't get this zippering thing to work." He got very nervous, being nearly 80 years of age. The Editor offered to help manipulate the zip and found it had caught into a corner of the bill. Part of the bill got into the machinery of the zip till a fine needle had to be used to pick it out. When released the bill was a ten spot. The fine old man said, "next time they make me a birthday present I wish they would not give anything with a zipper on it." Better watch your zipper, it is nearly as dangerous as the old-fashioned folding bed.

—T&T—

Who is the "Printer's Devil"? That strange fellow is very much like Santa Claus. A wise little boy had crossed the street to play with another boy. They were out under a honeysuckle bush. The little visitor used a bad word and his playmate says, "Yes, and the devil will get you." To which the little visitor says, "Who says there's a devil?" And the other boy says, "Mother told me there's a devil," and the little visitor says, "Ah, puey, it's just like Santa Claus. It's your Daddy."

One of our good lady friends was in to see about some mixed-up lines that created an embarrassing sentence, and to get out of the situation, we told her that evidently it was some of the work of "the printer's devil," and she says, "Oh, shucks, I don't believe there's a printer's devil, it's just the Editor."

—T&T—

If anything happens to get by in this column that is real sinful, just blame the "printer's devil."

—T&T—

The Stork seems to threaten a strike in some Texas counties—for example a report says Shackelford County had 49 births in 1939 as compared to 85 in 1938, and 27 persons died in that county last year.

—T&T—

There is a practice and a tendency for government authorities, such as school boards, city councils, city commissioners and county commissioners courts to make a deal with some "cockeyed" law firm to collect delinquent taxes and pay such buzzards a big commission to harrass property owners. It is a rotten prac-

Hamlin Baptist Church Needs A Pastor Pulpit Being Filled By Visiting Ministers

During the time that the Hamlin Baptist Church has no pastor, the Herald will take the responsibility of publicity for the activities of the church.

The practice of this paper is to give each church organization every bit of publicity they may wish, but the pastors or some one responsible for church statements must furnish what they want said to the public.

Churches are the backbone of every community, and to support each and every church is doing the thing that is most valuable to everything in the community.

The Herald voices the feeling of Hamlin people when we feel that Hamlin community has a number of

ideally co-operative churches, and that is as it should be. It is true pastors as come and pastors must go, but the membership, as a whole, must stay and therefore the individual membership of each and every organization must bear the responsibility of keeping things going. Religion is far more than mere church membership. The church one belongs to is only a channel through which work is done and life spent.

The statements above only serve to put the proper light on the responsibility an individual has, with a pastor or without a pastor.

LAST SUNDAY SERVICES AT THE BAPTIST CHURCH

Sunday morning, January 14th, the weather was unusually cold. The church auditorium was had been heating all night Saturday night before and was delightfully warm in every nook and corner. This plan will be followed hereafter.

Sunday school opened on time and 228 were present.

Sunday school offering amounted to \$78.06.

The pulpit was filled Sunday morning and at night by Dr. Tom Taylor, President of Howard-Payne College at Brownwood. This man is not a minister, but is conducting a school where many young ministers are being educated. Dr. Taylor is an interesting talker, a plain-sort of man, reared in West Texas and he speaks West Texas language. He

sees the world as it is and is trying to make it better through proper education and training. His talk at the morning hour was along the thought expressed in Matthew 22nd Chapter . . . "Is it lawful to give tribute unto Caesar, or not," and the reply, "Render therefore unto Caesar the things that are Caesar's; and unto God the things that are God's." . . .

A well filled house listened attentively to Dr. Taylor talk. The choir, led by Mrs. Russell was up to standard and contributed much to the service in the selections of appropriate songs. A special sextet number by Mrs. Rogers, Mrs. Tra-week, Mrs. Henry Albritton and Miss Lennie Greenway and the Misses Ruth, was especially complimented by the visiting president. The evening service was well attended.

During the interval of selecting a pastor, most ministers are glad to render a visiting sermon to a neighboring church. So no doubt but that every Sunday and every part of the week-day program of the Baptist Church work will be carried on just as though a pastor was present. After all the "going" of any church is a responsibility on the membership and the pastor is only a factor.

The Herald feels that when a new person or family comes into our community such new people should have a generous welcome to join in the religious life of Hamlin. Some people expect an "invitation" to come to their "own house," some do not, so it does not hurt to tell them "well, if you can't do any better, come over to the (----- church)" That makes him or her feel good even though your church is NOT his church. He feels you are at least generous.

SERVICES NEXT SUNDAY AT THE BAPTIST CHURCH

Rev. W. T. Hamor of Winters, pastor of the Baptist church of that city, has promised to preach for the Baptist people of Hamlin this Sunday, both morning and evening hours. The pulpit committee would be glad to have a large membership present.

Hamlin F. F. A. To Represent This District At State Meeting

The Hamlin F. F. A. Chapter one-act demonstration will represent the central West Texas District at the State Meet to be held in Huntsville some time in July.

The team is composed of Dawse and Taron Switzer, Joe Bonds, Jr., Joe Sam Gray, William Bowman and Jess Treadwell, and defeated the Wiley Chapter in Federation competition, Jan. 10th, and went through the District meet without

competition Jan. 17th at Abilene.

The act consists of the boys explaining and making a piece of rope, tying the wall knot, Spanish knot, eye splice, crown splice and bowline knots. These are the principle knots that have been studied in class this year. These boys made a very credible showing in both contests. With a little more practice, they should make a still better showing in the State Meet.

Principal Frank Lawlis Arranges New System

FRANK M. LAWLIS

The Hamlin High school inaugurated a new period system with the second semester which began Monday, January 15. Mr. Lawlis and his teachers worked out their schedules so that classes now run for one hour

Football Schedule Is Announced For 1940

The Hamlin Pied Pipers football schedule for the fall of 1940 is completed for all the conference tilts. The Pied Pipers will play four conference games at home and three away. Besides these four home games they will arrange for three practice games all of which are to be played at home. The conference games are as follows:

OCT. 4—Baird at Abilene.
OCT. 11—Rule at Hamlin.
OCT. 18—Stamford at Stamford.
NOV. 1—Haskell at Hamlin.
NOV. 8—Munday at Hamlin.
NOV. 15—Albany at Albany.
NOV. 28—Anson at Hamlin.

This is the first year that Baird has been in District 10-A and we are glad to welcome them into our conference.

instead of the former forty-five minutes.

This of course eliminates so many study halls for the students but it allows for directed study or supervised study. It will mean more individual help for the pupils and will give the teachers a longer period to work out the individual problems of their pupils.

We feel that Mr. Lawlis is making progress for his high school in providing these six hour periods instead of the former eight forty-five minute periods. We shall watch with interest for the evidences of greater pupil growth that we expect to develop from this change.

—T&T—

Everybody loves a dog story.

Does a dog understand? Dogs show emotions almost like humans. They love, they grieve, show joy, plainly.

There is a dog in Hamlin called Dick. He is not bird dog and he is not a bulldog, but he IS half of each. He belongs to the Witt boys, famous for being twins. Where the boys are, there the black-low-set-shaggy funny walking dog is also found. The bulldog-bird dog combination shows all the combinations of emotions found in the two strains. He looks like a petted man when he is wanted to do something he does not like to do.

This dog Dick showed an extreme case of grief the morning a death message came that took the Witt family to Lubbock. He was left behind, and when a mourning wreath was pinned on the door of the store, this petted town dog could not stand it longer. He stood and looked and finally broke into a crying whine, and back and forth he walked in front of the door giving a pitiful howling moan, for hours during that day.

Truly a dog is man's truest friend.

Commissioner Turner In Formal Statement

To The Voters of Precinct No. One, Jones County:

In soliciting your vote for Commissioner of Precinct No. 1, Jones County, on July 27, 1940, I wish to state, that my greatest interest in trying to be Commissioner, is to do every thing I can, not only for Precinct Number One, but for the best interest of Jones County as a whole.

I want to thank each and every one, not only for your words of appreciation but also for your co-operation in the work we have been trying to do. For we could not have done the work which we have done without your co-operation. And especially the widening program which

we have been carrying on, for the very nature of this work not only requires but must have your co-operation if it succeeds. This co-operation you have freely given and is very much appreciated. And I for one, and with the hearty support of many, believe that this widening program is the most essential work that can be done and especially since the arrival of the wide school busses, which travel most of the rural roads in this precinct and which I try to safeguard in every way possible.

The largest difficult problem of most commissioners and especially those in the counties with the smaller tax valuations, are finances. Therefore, I have tried to spend your money in a way that would be to your best advantage and where it would be of the most benefit to the whole precinct. In so far as possible I have tried to operate on cash

basis and the budget system. For I take the position, if you have the money with which to make your purchases you can buy them from twenty-five to thirty per cent cheaper for cash than you can on the credit. And I have never issued one dollar's worth of time warrants for labor nor material since I have been your commissioner.

We have tried to lower taxes at every opportunity, and have lowered them several times including 1939, but the state raised the 1939 ad-valorem taxes twenty-eight cents on the one hundred dollar valuation. This made your 1939 taxes in many instances higher than your 1938 taxes, even after the county had reduced them. There may be a few cases where property values are not exactly equal, but out-side of this I believe the ad-valorem taxes are high enough and I am paying all I want to pay and I believe the majority of the people feel the same way in regard to their ad-valorem taxes. I for one will never vote to raise them if it can possibly be avoided.

Again, thanking you for your words of appreciation and your co-operation and I want you to know that I will sincerely appreciate your continued co-operation and support.

Sincerely yours,

JOHN C. TURNER

Schools Teaching Fire Prevention

We are glad to announce the receipt of a letter from Marvin Hill, Fire Insurance Commissioner, Austin, Texas. We quote a portion of this letter:

"Your City is now receiving a reduction in its insurance rate for fire prevention being taught in the public schools. We recognize the fact that the teaching of fire prevention in Texas schools has been one of the important factors in reducing the fire waste and we ask your continued co-operation in this program of conservation of life and property."

Here is one tangible bit of evidence that your schools actually save the City of Hamlin money and reduce the cost of fire insurance for its citizenship.

SHERIFF BILL DUNWODY

This is the way the Sheriff of Jones County looks, when he is not making an arrest. Then he smiles with one eye and takes sight with the other. He has never had to use a gun, however, and he hopes he will never have to do so.

Bill announced for re-election last week, that is, he ask the Herald to tell the folks he would like to serve the county again, especially since the first year of his official duties was so pleasant.

Guess it is safe to put his picture in the papers, for it will not do any good for any criminal to try to escape his eagle eye and blood hound trail-hitter. Don't anyone get it into their heads that Bill Dunwody is a flirty kind of man, for he has one wife and two daughters, one of whom is married. So the Sheriff is not as young as he looks, and the picture is just like you would find him when he says, "stop".

Mr. and Mrs. Jack Johnson of Fort Worth are visiting at the home of their parents, Mr. and Mrs. J. H. Rhoton near McCauley. Mr. Johnson will return this week and his wife will make a longer visit with her parents.

PIPERS BASKETBALL PLAYS SWEETWATER

The Hamlin Pied Pipers basketball team will engage the Sweetwater team in Hamlin, Friday night, beginning at 7:30 P. M.

Sweetwater will bring a tall, fast and experienced team to Hamlin. They were finalists in the Colorado tournament the past week end, losing to the strong Lamesa team. This tournament included such teams as Abilene, Colorado, Lamesa and Roby.

This will be the only game in the gymnasium, Friday night and the prices for admission will be reduced to fifteen (15c) and ten (10c) cents.

The fans are promised an unusually fast and exciting exhibition.

AZLE BOYS LOST SATURDAY
One of the most evenly matched games we have seen in a long time was contested last Saturday night in the local gym when the smooth working team from Azle met the Pied Pipers.

Hamlin scored first, but never held the lead after the first few minutes of play. The scores were never separated by more than three points at any time during the game, and on three or four occasions the score was even up.

Both teams featured a brilliant passing offense and likewise each had an almost air-tight defense.

James Nicholson was the hero of the day when in the last five seconds of play he tossed one through the hoop from a point well back of the free-throw line. This two points edged the Azle boys out, the score being 24 to 23 in favor of the Pipers.

Vaughan came in for more than

his share of the scoring, gathering in the neighborhood of a dozen tallies for the night.

Safeway Men Over To Inspect New Building

Wednesday this district area of Safeway managers, came over from Abilene to take lunch with the Hamlin Rotary Club and to accompany the guest speaker, Mr. Smith of Australia.

In the party were District Manager, Ed S. Williams, Tommy Barton, buyer and Jim Knuckols, Market Supervisor. Their main purpose in coming to Hamlin was to inspect the progress of the work on the enlarged Safeway Store building. Mr. Williams is very enthusiastic about the modernness of their new store. He said no town in any district would have a better retailing store than

Hamlin.
That Australian fellow made an extensive survey of his wonderful country that is in "reverse" to America. Smith is a university graduate and a natural humorist. He proved we Texas folks know but little of the great nations "down under."

A recent bulletin of the Texas State Department of Health warns against the danger of the common cold, which often leads to pneumonia and other serious winter illnesses.

METHODIST CHURCH

John W. Hendrix, Pastor

Yes, sires, we had a Sunday without some hitch, Holidays, New Years, or a blizzard, one beautiful Sabbath, and it was a real blessing. The people came to Church school, to public worship, both hours. It hangs a new light in the sky! However, we let too many small things hinder us. Perfect days are rare, too rare.

Church school opens its session at 9:45 A. M. And it invites you!

Public worship arrives at 10:50 A. M. and 7 P. M. And we try, with our utmost endeavor, to start on time. We invite you to start with us!

MORNING WORSHIP will feature a program of select music by the big choir, and the pastor will speak, using as subject, 'On Retainin' The Zest of Life.' Is it difficult to keep the zest in life? What destroys it? Have you seen people from whom the zest of life had leaked out? Let's think this out together Sunday morning. Why not put it off till then?

EVENING WORSHIP will bring to the fore a group of young singers, the Junior choir, and with them will be a sprinkle of adults. This is a fine combination, and they will lead you in singing some of the better old hymns of the Church. Then the District Superintendent, Dr. C. A. Bickley, will deliver the message. He will be here to hold, after the service, the First Quarterly conference. The officials of the Church will kindly set up and take notice.

YOUNG PEOPLE will meet in their hour of separate worship at 6:15 P. M. It will be essential to the program to be on time, to begin as well as end on time. You will, of course, be glad to comply with this request.

Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

ANOTHER CORRECTION

Some weeks ago the Herald carried a news item about several auto wrecks—one of which was at a bridge between Roby and Rotan. Reports had it that one of the parties jamming into the wreck was Miss Letha Edwards, teacher at Hinton. This is not quite true. It was NOT Miss Edwards but the last car that piled into the wreck did at one time belong to this young lady, hence the number traced to her. Miss Edwards has a host of friends who have inquired about the wreck. Just one of the ways news gets "tangled".

Albert M. Gracey, 19, son of Mr. and Mrs. A. W. Gracey, Round Rt. 4, Hamlin, was enlisted January 10, in the U. S. Navy at the U. S. Navy Recruiting Station, Dallas, Texas, and transferred to the U. S. Naval Training Station, San Diego, Calif., where he will receive a period of training before further transfer to a ship of the U. S. Fleet, or to one of the numerous trade schools of the Navy.

Miss Virginia Collins

Married Raymond

Young

It may be a little late in telling of a Christmas wedding, here past the middle of January, but since marriage is one of the greatest events of a young woman's life, and also of a young man, it should be given ample publicity. So this brings us to the point:

Miss Virginia Collins, the youngest daughter of Mr. and Mrs. Pat Collins, residing just south of Hamlin, was married on December 22, 1939, to Mr. J. C. Young of Abilene. Mr. Young is a son of Mr. and Mrs. Raymond Young, now of Abilene, but formerly of Boyd Chapel.

Mrs. Young is a graduate of the Hamlin High School, and in her graduation she was awarded a scholarship for excellency. The couple will reside in Abilene.

The Methodist Men's Bible Class Had An Interesting Party Mon.

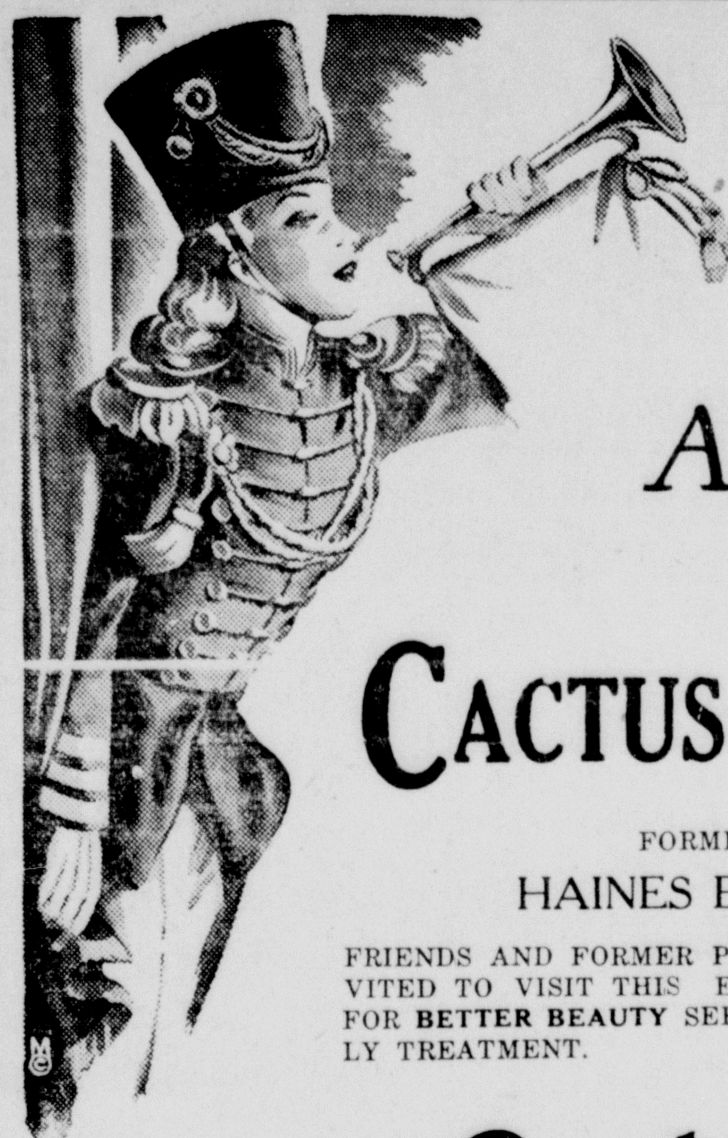

For some time the class has had an interesting contest, known as the "Chili Bowl Contest" and at the conclusion of the contest was the big party on Monday night. Each member was served cafeteria style, consisting one part rice, two parts Chuck Wagon Beans and three parts No. 1 A grade chili. Each member was limited to two refills. This course was topped off with an assortment of cookies and coffee.

After the feed President McBride made a short but very interesting and complimentary talk. He praised the 45 members present for their loyalty and devotion to the class. After which he turned the meeting over to the teacher, Gordon Bennett, who showed remarkable ability to conduct games. Before getting the program under way the Pastor, Bro. Hendrix, managed to get over with a couple of good jokes.

Mr. Bennett called on the two Captains, Ed Baily and the Baily Bears and Joe Culbertson of the Culbertson Cats to line up their teams for the big battle and from then on it was a potato contest, a clothes pin and fruit jar contest, a cracker eating contest and various others. After continuing for some time it seemed the score was a tie and at this time the two Captains, Mr. Baily and Mr. Culbertson were selected to break the tie. This proved to be the thrill of the evening. Each one was blindfolded and had one hand tied, they were given a banana and told to feed the other with the free hand. The judges have asked for more time and will render their decision at the spring meeting at the City Park.

Mr. Abbott proved to be a very valuable man at serving coffee and looking after all the eats.

The entire class went away with a feeling of joy in the thought that they had become better acquainted, experienced a greater fellowship and learned to think better of their fellow man.

Ladies' Shops Under New Management

This week readers of the Herald will note the announcement of the opening of a new business firm in Hamlin, The Cactus Beauty Shop in connection with The Cactus Shop (a ladies-wear shop) which will open Friday morning in the building formerly occupied by the Haines Beauty Shop and the Rose Shoppe. This past week, Mrs. G. Cleve Dunn bought the Rose Shoppe from Miss Virginia Jones who has operated this shop for the past 18 months, and at the same time Mrs. Dunn, Mrs. Sara Gold, Mrs. Odessa Fitzgerald and Mrs. Med Raney bought the equipment and furniture in the Haines Beauty Shop from Mrs. Metta Haines, owner and operator for the past eight years.

This week carpenters and painters have been busy redecorating the ready for the final opening Friday interior of the building, and making morning.

A Mexican motif will predominate in all decorations. Walls will be finished in ivory with a trim of Chinese red. Curtains are to be in ivory with gay borders of red, green and yellow. Brilliant Mexican stencils, sarapes, Mexican sombreros, colorful charm strings, Mexican pictures and pots of ornamental cactus will complete the decorations. Furniture is to be in ivory and chrome, and operators will wear green uniforms.

Mrs. Dunn states the plans for stocking the Cactus Shop are yet incomplete, but it will carry some kind of ladies' apparel.

All these women are well known business women of Hamlin. Mrs. Dunn was a former owner of The Rose Shoppe, and has owned and operated other businesses in Hamlin during the past years. Mmes. Gold, Fitzgerald and Raney for a number of years have been employed in the Wienke Beauty Salon.

Anyone who has not had the services of the Hamlin Fire Boys, can not realize how much they are appreciated till a fire comes to your home. Most all our household goods were saved entirely by the Fire Boys and the neighbors, and to each and everyone we are sincerely grateful and appreciative.

Aspermont Man Buys Former Bell's Cafe

The Bell Cafe, next door to Wilson Hardware Company, has been sold to Kenneth Winn of Aspermont, and the name of the cafe is changed to "KENNEY'S CAFE."

Kenneth Winn married a Hamlin girl some time ago, a Miss Watts, and from all indication he is a careful-going, energetic young business man. He is a brother of the County Clerk of Stonewall County.

Mr. Winn says his old pals call him "Kenney" and that's a good name for the cafe. In this week's Herald Kenneth is making his formal announcement and bow to Hamlin people. He introduces his help and invites all hungry people to visit his place, formerly the Bell's place, between Wilson Hardware and Wienke Beauty Salon.

Santa Fe Passenger South At 5:35 P. M.

If you want to go to the Southwest on the Santa Fe trains you can get one at 5:35 P. M.

This is a move up of about two hours—thanks to the management.

This means better connections in Sweetwater for both railroads there. It means better mail outlet for this section to the South and West part of the state.

Mail should be in the post office before 5:00 P. M.

Frank M. Lock Running For Judge of Jones Co.

A Stamford man, the former county commissioner of Precinct No. 2, is a candidate for County Judge of Jones County.

The above information was made known early Thursday morning by a phone message from Mrs. Lock. She said that her husband was in bed fighting a case of Flu and was prevented from making his own statement to the voters. Hence, this week a mere announcement that his name is in the candidate column under the heading of County Judge.

Mr. Locks will make his formal statement later, we presume.

No one blames even a well man for not facing the weather that covered out country Thursday morning.

JONES CO. MAKES BEST RECORD

By lightening the load for eight debt-distressed farmers and ranchers, the Jones county farm debt adjustment committee posted the best record during December 1939 of any county group in West Texas, it was disclosed today by C. M. Evans, regional director of the Farm Security Administration.

These farmers and ranchers oper-

ated 1,574 acres of Jones county farm and ranch land.

The committee's work enabled these farmers to remain on their land, make a living for their families, and eventually pay their creditors. In most cases the FSA arranged to make loans to replenish their livestock and equipment so they can operate profitably and pay both land and chattel indebtedness. The farmers worked out detailed farm and home management plans calling for sufficient income to pay their indebtedness eventually.

The farm debt committee works in co-operation with Robert C.

Cross, farm Security Administration supervisor. Meetings are held monthly and debt-burdened farmers may secure the committee's services by appearing at the meeting, going to Mr. Cross, or to one of the members.

Committee members are: Joe E. Bonds, Hamlin; William C. Church, Merkel; and Charlie T. Myatt, Nugent.

It will not hurt to give 25 cents for a hungry child at the Grammar School. Attend the tournament next Thursday night in the Chandler Building. You will have a good time.

The First Flake is the Signal

Why You Have Light On A Stormy Night

THE first flake of snow... the first icy pellet of sleet... the first drop of rain... or the first gusty puff of wind...

Each one is a signal to "Watch that line!" Patrol duty in nasty weather is one of the jobs performed by Your Electric Servants. It requires eternal vigilance to maintain Service in spite of unruly elements. Sometimes linemen lose and the lights go out. But it happens so seldom, and so quickly in most cases is Service restored, that we feel justified in calling to your attention how nearly we do approach our ideal of uninterrupted Electric Service.
